Part B for April, 1912

SUBJECT

Sanctioning the levy of a tax on springed vehicles and cycles in the Chickmagalur Mpl^ty and deferring the consideration of the Chickmagalur drainage project

from the Secy to Govt, P W D note dt 23.4.09 submits for sanction a project amounting to Rs 32,500/- for opening out conservancy lanes, conserving properties & laying out new house sites etc in the Chickmagalur Mpl^ty

to the Dy Com^r, Kadur, No 1130/6 dt 13.5.09 forwards plans & papers connected with the project and requests him to place the same before the Mun^l Board for consideration of the proposals contained therein and of the ways & means for meeting the charge

from Do, No 160 dt 14.10.09: Returns the plans etc together with a copy of the Mun^l council's resolution that they are unable to pay anything towards the cost of drainage scheme etc unless the Govt waive their claim upon the Mpl^ty on account of the loan advanced for the Chickmagalur water supply

[illegible] [illegible] reb

reference that the only way for the
taxi themselves and improve the income and that
the resources of the state are not inexhaustible and
request that the questions may be considered fully in
the light of these observations.

from Do, no 200 § 20.11 10. States that with a view
to improve the resources the municipal council have
taken necessary action to impose tolls & taxes on
vehicles and requests sanction thereto as also to the
proposal to work the toll departmentally for one year
employing an establishment costing Rs 1,000/-.

To Do, no 5-316 § 16 12 10 enquires whether the vehicle
mentioned municipal council will exempt from payment of
toll all carts which merely pass through the town
without doing any business there, whether the
carts will not be taxed twice over at market fee
is levied in addition and what amount is
to be realised annually by the proposed levy

from Do, no 35-4 § 9.3.11: States that in the opinion
of the municipal council toll should be levied on all cart
whether doing business in or merely passing through
town, that as market fee is levied only on sale any
and that too on carts which enter the sale enclosure
there would be no hardship in the levy of the proposed
toll and that a sum of Rs 5,000/- is expected to be
realised annually by the proposed toll and Rs 100/-
by the tax on stranged vehicles

To Do, no 967 § 23 5 11 Declines to sanction the levy
of tolls on carts entering the municipal limits and calls
for additional information as regards the proposed levy
of tax on vehicles

Improvements and drainage of Chitkampalur Town

From

The Secretary to Government. P.W.D

to Dated 23-6-09 Received 26-6-09

Diary No 7660	Enclos 1 file Spare Copies	Serial No

BRIEF ABSTRACT OF LETTER

Submits for sanction a project amounting to Rs 32,500/- for opening out conservancy lanes, acquiring properties and laying out new house sites, etc., in the Chitkampalur Municipality.

NOTES AND ORDERS

The Central Sanitary Board have approved of the project and have resolved further that the final project for the drainage and construction of sewers which is roughly estimated at Rs 50,000/- be prepared as early as possible and forwarded

NOTES—First sheet

GEP 3000-2308

Revenue
Secretariat

File No 654 of 1908

Serial No

for sanction

2 The ~~[illegible]~~ project now submitted is ~~[illegible]~~ for the town of Chikmagalur proper and excludes the Fort & Basavanahalli which also form part of the town. The Sany. Engineer says that it would be best to treat with these localities separately, as any drainage scheme for them would mean the knocking down of almost every house and the relaying of all roads and conservancy lanes and that the cost of this would be enormous

3 The Chief Engineer states that it is unnecessary to consult the Chikmagalur Municipal Board as to the proposals as they are not sanitary experts and as the Sany. Engr has already consulted them But it seems necessary to consult the Board before ~~[illegible]~~ sanctioning the project as the cost of the work has to be borne by the Municipality

4 The financial condition of the Chikmagalur Municipality is as follows:—

Opening balance on 1-7-09	Rs 1419
Receipts during 1909-10 —	22,432
Total	23,851
Expenditure during 1909-10 —	20,582
Closing balance on 30-6-1910	3,269

which is less than the minimum working bala

NOTE—Contn sheet

GPB—50.000—18-5-08

Serial No.

by Rs 2,339/-

Thus the Municipality is not in a position to afford any money to carry out the project just at present. The Chief Engr however states that the funds required for the work should, in the ordinary course, come out of municipal funds, unless Govt are inclined to sanction a loan or grant-in-aid from State funds.

As it is, the Municipality, which is already indebted for water supply project does not consider be in a position to borrow any the large sum now required, unless there should be an increase in the revenue. The best thing seems to be to spread over the expenditure for a number of years and require the Municipality would be able to find the requisite funds for carrying out the work. If this is not possible the question of giving a grant-in-aid to the Municipality will have to be considered.

Submitted for orders with reference

Ellis 7/5. 23/5 The municipal Council has been bitterly complaining of the water supply to the town, and as the supply is inadequate and fails in summer, it is under consideration how to improve it - The money already spent on the works has been treated

UPH—50,000—15-5-08

Serial No.

as a loan to the municipality and it will be some years before that debt will be repaid. In the meantime however, extra expenditure which may amount to a large sum, will have to be incurred, for improving the water-supply.

8 The estimate now received is for a modest sum of Rs 32,500 for opening out conservancy lanes and acquiring the properties necessary for the purpose and laying out new house sites. This is preliminary to the drainage project which is yet to come and which is estimated to cost nearly roughly about Rs 50,000.

9 The resources of the municipality are too limited to find funds for all these costly works and if it is asked to find funds first for the improvement of the water supply, next for the improvement of the town and then for

Serial No.

the drainage thereof, it is not likely that it will have the proposed drainage for at least another 25 years. There is at the same time no reason why the entire cost of all such works which are purely municipal should be borne out of the general revenues. The latter may give just a helping hand and that is all. The project of the Sanitary Engineer may be ideal but it should be suited to the means of the municipal Council, and it seems that in the present case, it is not.

(9) The Chief Engineer considers it unnecessary to consult the municipal Board, as to the proposals as they are not sanitary experts, and I may be permitted to say with due deference, that this is not constitutional, especially when the work relates to them and they have to pay for it.

GPB—50,000—11-5-08

Serial No

It is said that the Sanitary Engineer consulted them but it is not stated what the reply received was Presumably it could not have been favourable to the scheme.

4 Even after the proposed improvement which is only of the centre of the town, the two portions on either side of it, viz Basavanahally and Fort, will remain as they are and as unsanitary as ever and any infectious disease which begins there will soon spread to the unproved portion also -

5 Before taking further action, the Municipal Council may, it seems, be consulted as regards the proposals and

2 Docket No 1306 dated the 12th May 1909 to the Dy. Com^r, Kadur &c

Forwards plans & papers connected with the project and requests him to place the same before the Comm^r. Board for Consideration of the proposals contained therein and of the ways and means for meeting the charge.

3 Letter No 610 dated the 14th Aug. 09 from the Dy. Com^r, Kadur &c

Resubmits the plans & estimates with a copy of the Comm^r. Resolution that they are unable to pay anything towards the cost of the drainage scheme unless the Govt. waive their claim upon the Municipality on account of the loan advanced for the Chikmagalur water works.

4 The Municipal Council is reported to be of opinion that any project which is got up for the improvement of the town will be incomplete and defective unless it provides for the improvement of Basavanhalli and Fort also, and that unless the present project is immediately followed

Note—Contin sheet

Serial No

followed up by some effective system of drainage it will not be of much advantage. They however feel unable to bear any portion of the cost, unless the Govt are prepared to forego the loan of Rs 66,434/- which they advanced to the Municipality on account of the water works. The Municipality is paying annually a sum of Rs 3300/- towards Principal and interest and the balance of the loan at the end of 1908-1909 was Rs 46,861/-

Submitted for orders

4/11/09 The water supply to Bhavnagar Town is not satisfactory and the work requires to be improved. The request of the Municipal Council to remit the loan advanced by Govt on account of water supply works seems deserving of favourable consideration.

ML File No. 454 of 1908

Serial No.

This is indeed a large sum - $325000 for preliminary & contract expenditure of $3000000 - Half the former amount is for sewers & embankments already built, that is to say correcting the errors of the past for which the Municipal Board is responsible! The Municipal Council will not say themselves out of income - All this is rather a hard look out as the State pinches & not better less. At one time I thought we were flourishing - Now the case is the other way owing to the decrease of the Lake industry - I do not see how we can find the necessary funds unless the local Community come forward with contributions on the principle of "betterment" - Perhaps many A of these questions will appear fully & frankly in a Report by the Deputy - I will look into the details of this project on the spot - for this purpose send me the file with the plans (the technical constructive details which may be kept back for brevity) which I shall want to have at hand for the duration of this negotiation

Yours very truly

it will be Cannot be stated as the Dy. Comr. has not referred to the anticipated income from the new levy.

33 The rate proposed are unobjectionable. Submitted for orders. The matter with reference to be before the Council

Rd 5/1/09
F 12/1/09

34 There can be no objection to the levy of taxes on animals and vehicles kept for use within the municipality.

35 The levy of tolls does not seem to be free from objection. It is not for the purpose of making roads or repairing them that this is suggested but for improving the municipal income generally. The municipality has been levying market fees on carts & coming to the Santas on market days. The effect of sanctioning the proposal to levy tolls in addition would be to enable the municipality to raise funds from the commerce of the country and this does not seem to be a sound policy. Similar

Note—Contn sheet.

Serial No

proposals in the case of Vally and Serungapatam municipalities have been rejected The levy of tolls is harassing to agriculturists and is always viewed with disfavour by them. The District Board has many roads to maintain and its present financial condition is not satisfactory - ~~If~~ It may in course of time have to propose the levy of tolls on roads other than those on which tolls are now being levied The inconvenience to traffic will be very great if in addition to the District Board, municipalities also began to levy tolls -

Secy) Rlle

36 If through traffic is not taxed the ultimate incidence of the toll will be on the residents in the municipal area, the result being brought about by a rise of price I see no objection to a local taxing itself in the manner

TO THE DEWAN OF MYSORE

FOR SANCTION.

—o—

I submit for your sanction, the accompanying project amounting to Rs 32,500/- for the drainage scheme of Chickmagalur Town, prepared by the Sanitary Engineer

2 The project provides only for opening out conservancy lanes and ac-quiring the properties necessary for the purpose (all insanitary and hot beds of disease), and for laying out new house sites as shown on the plans. So far as I can see, and I know the town well, this preliminary work is necessary before we can get up the drainage and sewerage scheme proper, in fact, the clearing of insanitary and congested localities, and the opening out of the conservancy lanes as now proposed, are, in my opinion, a necessary preliminary to the preparation of the detailed sewerage scheme

3 The project has received the approval of the Central Sanitary Board, and their resolution on the subject is put up herewith for information, necessary orders will be

GPB—1500—9-10-07

be issued to the Sanitary Engineer in due course for the early preparation of the final detailed project for the drainage and for the construction of sewerage (roughly estimated to cost Rs. 50,000) as desired by the Sanitary Board.

4. It appears unnecessary to consult the Municipal Board as to the proposals as they are not sanitary experts, and as they have been already consulted by the Sanitary Engineer as reported by him, before he finally decided upon the proposals now submitted by him

5 The funds required for the work should in the ordinary course come out of Municipal Funds, unless the Government are inclined to sanction a loan or grant-in-aid from State Funds.

Sir

Referring to Government order
No 11306 / ml 454-08-2 of the 13th May 1909 forwarding
papers and plans relating to a project amounting
to Rs 32,500 for opening out conservancy lanes
and acquiring insanitary houses in Chickmugalur
as a preliminary to preparation and adoption of
Sewage scheme for the Town and requesting to
obtain the resolution of the Municipal Board —
I have the honor to state that the subject was
discussed in the Board at its meeting of the
31st ultimo The Board was of opinion that
any project which is got up for the improvement
of the Town will be incomplete and defective unless it provides

for the improvement
of Basavanahalli and Fort also which
contain some of the most congested and
unsanitary parts of the Town that unless
the present project is immediately followed up
by an effective system of drainage it
will not prove of much utility and advantage
and that therefore it is desirable that complete
project for the drainage of the Town including
the present project should be prepared once for
all and sanctioned before the work is started

2 As regards the ways and
means for meeting the charge, the Board was
of opinion in their resolution of the 28th August
1906 that at present it is not in a position
to bear any portion of the charges relating to
the drainage scheme as it has to contribute
Rs 3300/- every year in repayment of the loan
advanced by Government for the water supply
of Chickmagalur and that in case the Govern-
-ment would forego the water supply loan
as it has been repeatedly prayed for by the
Representative members of the Municipality at the
Assembly the Municipality will be

-11

The question of taking as a loan from
Government the amount required for the
Drainage scheme of the Town
A copy of the Board's resolution is
herewith submitted

The papers received with the reference
under reply are herewith retransmitted

I have the honor to be.

Sir.

Your most obedient Servant.

26 My dear Sir, 6208 mL 4554-08 3/A

L

With reference to your letter No. 60 dated the 14th Oct. 1909 to the Chikmagalur town municipal council, I am directed to communicate to you the following observations.

The present prospect amounting to Rs 32,500/- is for thorough out conservancy lanes, acquiring necessitary lands and laying out new lanes also in Chikmagalur town should be taken as a preliminary to the preparation and adoption of a definite sewage scheme which is promptly estimated to cost about

2/11

about Rs 50000/- the
project/scheme the first and
Bandanballi mainmuch
as any drainage scheme
for them would mean the
Knockout down of almost
very house and the
destruction of all roads
and communications lanes in
these localities ah an
enormous Cost. The whole
work may, ah any scale, for the pre
be promptly taken to
Cost Rs 82,500/- immediately
first the
first and another sum
of Rs 50,000/- in the
near future

2) The necessity for
the whole work being
conceded the question for
consideration is where
is the money to come from

under sec 54 of the Act.
Regr VII of 1907. Drain
and sewerage works fall
within the category of
"obligatory functions" of
a municipal Council
In such matters, it is
incumbent for the
municipal Council to
have financial stability
They should on the other
hand seriously consider
the question of conserving
their resources and chalk
out ways and means for
meeting the cost out of
their own funds without
relying upon outside help
A detailed study of
the project shows besides
land half the amount is
for acquiring and de-
velopment

The only way is for the Municipal to tax themselves & improve the income-

(15)

above nothing however is
to my fault, that is
by way of correcting the
errors of the fact for
which the municipal
Council is responsible
All this is rather a
bad look out for the
municipality as the
powers of the State are
not unchangeable, and it is not clear how
the necessary funds
can be found unless
the local community
come forward with
contributions on the
principle of "best endeavours"

I am accordingly to
request that the question
may be considered by
the Council in
the light of the above
observations

Yours truly

SB

From

Wl 4554-08/54

K. R Srinivasangar Esquire, B.A,

President of Municipalities,

Kadur District

To

C S Balasundaram Iyer Esquire, B A,

Offg Secretary to the Government of Mysore

General and Revenue Departments,

Bangalore.

Sir,

With reference to your R O No 6208
Wl 454-08
dated 21st January 1910 suggesting that the Municipal
council of Chikmagalur should devise ways and means
for meeting the cost of the drainage scheme for the
municipality, I have the honor to state that the
Municipal council, after considering all possible ways
to improve their income resolved in their meeting
held on 31st march 1910 that as is done in Shimoga
and Tumkur a toll be levied on all carts entering
the municipal limits at the rate of 2 annas per
bullock
double cart and 1 anna for single bullock cart when
laden and half the above rates, when empty. They
also

also resolved that all sprunged vehicles and conveyances in the town be taxed at the following rates - 15

(1) On all sprunged 4 wheeled carriages drawn by a pair of horses or mules } Rs 4/- per year

(2) On 2 wheeled sprunged Vehicles } Rs 2/- Do

(3) On bicycles or tricycles Rs 1/- Do -

It was also resolved that the toll be worked amam for a period of one year, the following hands being temporarily entertained for the purpose

8 Mutsaddies on Rs 10/- each Rs 960/-

Contingency. Rs 40/-

Total Rs 1000/-

2 In pursuance of the above resolution the Municipal Council framed in their meeting held in July 1910 a set of rules for purposes of the imposition of taxes and tolls as required by clause (1) of Section 46 of the Municipal Regulation and a Notification both in English and Canarese was published in 3 successive issues of the Mysore Gazette inviting objections or suggestions if any, from the residents of Chikmagalur Municipality with respect to the set of draft rules prepared by the Municipal Council within one month from the date of the

Notice

Notification and copies of the said Notification were also circulated for weeks publicly in the town.

3 No objections or suggestions have been received from the public of Chikmagalur up to now though more than a month has elapsed since the date of the publication of the above Notification.

4 I therefore beg that sanction may be accorded for the levy of the toll and tax as proposed by the Municipal Board and that the set of rules herewith forwarded may be confirmed and approved by Government

5. A copy of the Notice published is herewith forwarded as required by clause (a) of rule 6 of the Municipal Regulation

I have the honor to be,

Sir,

Your most obedient Servant

General and Revenue Departments, Bangalore.

Sir,

Adverting to your docket No.5316/M1.454-08-5 dated 16/17th December 1910 calling for certain additional particulars regarding the imposition of tolls and taxes on vehicles in the Chikmagalur Municipality, I have the honor to state that the points raised in the above docket were fully discussed by the Municipal Council at their meeting held on the 28th day of February 1911 and the council have expressed it as their opinion that the toll should be recovered on all carts whether doing business in or merely passing through the town. I may add in this connection that such is ascertained to be the practice in vogue in the sister Municipalities of Tumkur and Shimoga and it is considered that the same procedure may be adopted in this Municipality also.

mL 281-07
5

2. As regards the question whether the toll is to be levied in addition to the market fees and if so, whether the carts will not be taxed twice over, I beg to submit that the matter was fully discussed at the time that the Board arrived at its decision regarding the levy of tolls at its meeting of the 31st March 1910, and it was then decided that as the market fees were recovered only one day in the week i.e., on the shandy day and that too only on carts which entered the shandy enclosure, there would not be any objection

U4

objection to or hardship in the levy of the proposed toll.

3. The Board estimates an income of Rs 5000/- -- annually by the levy of the proposed toll and Rs.100/- from the proposed tax on springed vehicles.

I have the honor to be,

Sir,

Your Most Obedient Servant,

President of Municipalities,

x IV Read — Government Order No 9671/Jud 654-08-7 dated 23rd May 1911 re the proposal of the Municipal Council to levy tolls and taxes

Resolution — The Board regret to find that the omission to refer to four-wheeled vehicles drawn by a single horse as also to two-wheeled vehicles drawn by a pair of horses in their proposal for the levy of tax on vehicles was due to oversight the proposals for levy of the tax will be revised as follows —

1 On all sprunged four-wheeled carriages — Rs 4/- per year

2 On two-wheeled sprunged vehicles, Rs 2/- per year

3 On bicycle or tricycle Re 1/- per year
